Simonsen Resigns as Village Trustee Due to Conflicting Interests

Action Comes as Complete Surprise to Board and Mayor

Edgar Simonsen resigned as a member of the village board of trustees Tuesday evening.

A letter to the board read by Clerk Clarence Shultz in Simonsen's absence asked that the resignation be accepted immediately.

Cause of the resignation was given as "conflicting interests" which prevented his further continuance in office.

The resignation came as a complete surprise to Mayor James McMullen and board members who were not aware that Simonsen contemplated resigning.

The resignation was accepted ed "with regret".

Appointment by President McMullen of a successor to serve until the next election will take place and suggestions of the board members who have final approval was asked by the mayor.

Simonsen began serving his second four-year term on the board last May. He is chief of the fire department.

Simonsen said that he felt he should either give up the job as trustee or as fire chief and felt he could best serve as a fireman. He said that his work as meter repairman for the village might disqualify him for the position.

Village Gets State Nod On Sewer Project But No Answer on Water

Approval of Water Extension in Antioch Heights Given by State

Permission to construct sewer mains and a lift pump from Ida Ave. east across the Soo Line tracks into village property has been given Antioch by the State Sanitary Water board.

The permit to sink a water well and pipe the water to the village mains has not been issued yet, however, and the village doesn't want to start one project without the other.

David R. Miller, village engineer, who was notified of the permit, did not attend Tuesday evening's board meeting as planned because the water project permit was not issued.

The engineer for Antioch Heights subdivision was notified that the water mains extension in that subdivision is permitted.

Permission to construct a residence at Naber's subdivision at an estimated cost of \$13,000 was given Dick Burnett by the village.

Warren High Youth Dies From Injuries Received In Car Crash on Friday

Thomas Miltimore, 18, Gurnee, son of Mr. and Mrs. J. Harvey Miltimore formerly of Loon Lake, died in St. Therese hospital Sunday night as the result of injuries received Friday in an auto-truck crash.

Miltimore, a Warren Township High School student, was riding with his mother when their car collided with a semi-trailer at the intersection of Rte. 41 and Buckley rd.

Mrs. Miltimore is in a serious condition at St. Therese hospital.

Antioch Moose Embark On Membership Drive

The Antioch Moose lodge embarked on a membership campaign July 1 which will extend through Sept. 13.

The class will be initiated in honor of the secretary, Jack Smith and the present members will be awarded prizes according to the number of new candidates they sponsor.

The drive is headed by Chairman Joe Gorlitz, who reports that several have already made application.

Plan Golf Tournament

The Holy Name Society of St. Peter's church will hold a golf tournament at the Chain O' Lakes Country club Wednesday, July 15. Among the guests will be Fr. Francis Flaherty, former pastor of the church. The tournament will be followed by a dinner.

Burn Garbage Early Village Board Asks

Village trustees are asking Antioch residents to cease the burning of garbage at least after 4 o'clock in the day.

Complaints came to them that odors of the burning garbage have nauseated persons at dinner or at sleep.

"We don't like to regulate the public any more than we have to, but unless people act voluntarily, we have no alternative than to clamp down with a law that will forbid the burning of garbage altogether," said President James W. McMullen.

Antioch Area Invited To Farm City Picnic At Gages Lake July 15

The Eighth annual Farm-City picnic will be held at Gages Lake picnic grounds on Wednesday, July 5, from 9:30 a.m. to 5 p.m. The day's events will start with the Lake County Black and White Dairy Cattle Show at 10 a.m.

This annual farm-city get-together, sponsored by the Lake County Farm Bureau and the Commercial Division of the Waukegan-North Chicago Chamber of Commerce, attracts thousands of families from all parts of Lake county.

A cordial invitation to all residents and businesses of the Village of Antioch to attend this picnic has been issued; also included are all visitors and tourists in the area.

More than 130 business firms in Waukegan will close all day and have group picnics on the grounds.

Concession stands on the picnic grounds will have available hamburgers, hot dogs, soft drinks, etc. The public is urged, however, to bring their own picnic luncheons.

The day's program includes queen contests for the selection of city and rural queens, all types of races and contests with prizes, baseball games, dancing, sports events, swimming, gondola rides for the children, exhibits and displays by 4-H clubs. Entertainment will be provided by radio stars from Radio Station WLS and by the "Corn Poppers," a novelty band.

First aid equipment will be furnished on the grounds by the American Red Cross and by the Antioch Rescue squad.

It is anticipated that between 10,000 and 12,000 will be in attendance during the day.

There is no admission charge.

Salem Town Hall Burns; Was Early Landmark & In Use Nearly 100 Yrs.

The Salem, Wis., town hall, a landmark dating back to Civil War days, was destroyed by fire Monday night.

Volunteer firemen from the Salem, Bristol, and Trevor departments battled the blaze, and unable to save the building, turned to protecting nearby buildings.

Next to the hall is the Mapleside filling station, and across the street is King's two-story grocery building which was ignited at one time, but the fire was extinguished.

The cause of the fire was not determined, but Salem Fire Chief Byron Patrick said it was bursting out the roof when discovered by Dan Fleming who lives opposite the hall.

The 75-foot two-story building had long been the center of community activities. Until a year ago, parties, dances, elections, and town board meetings were held there.

Originally the structure was a Congregational church.

Select Candidates for All-Star Baseball Team

Chosen to try out for the all-star team in the Little League are the following players:

Kenneth Alshouse, Richard Behrens, Duaine Christensen, Jerry Dahlman, Elmer Eberman, Dick Gudgeon, Herb Hattendorf, Richard Hollatz, David Hunsaker, Bill Jarvis, Richard Jonas, Eddie Kadel, Paul Kadlec, Sigurd Nielsen, Don Pyle, Richard Prange (Salesman), Robert Reed, Jack Thompson, Jim Verkest, Romie Vos, Art Wertz, and Bill Wolfenberger.

Are you at the games to encourage your son to do better? A smile of approval from Dad and Mom is all the boys need to spur them on and boost their spirit.

Holiday Passes With Good Weather and Big Crowds; No Accidents

A large crowd of vacationers spent the double holiday at Antioch and the nearby lakes.

The beaches were crowded and boats dotted the lakes on Saturday, July 4, but they were somewhat thinned out on Sunday.

Rain both Saturday and Sunday evenings came after the visitors had completed their day of fun and enjoyment.

Several Antioch retail business men said they had the biggest business Friday; they ever had and the stores were crowded.

While an extra force was on duty for the Antioch Rescue squad, not a single first aid call was received. Capt. Herman Holbek said it was the first Fourth of July since the squad has been organized that no calls came.

Police had their hands full Friday evening, Saturday, and Sunday regulating traffic, but they accomplished the job and no accidents of consequence were reported in the Antioch area.

A near drowning at Loon Lake was the only unusual occurrence.

Communities that had fireworks either had to fire them in the rain or wait until Monday evening.

At Fox Lake the carnival was rained out and it was continued Monday evening and Tuesday evening in an effort to make up the loss. A strong wind with the rain damaged the contents of the concession booths.

Grass Lake District To Vote Saturday on Reduced Tax Proposal

Board Hopes for Approval on .61 per cent Rate This Time

Grass Lake School district will vote for the third time Saturday afternoon on a tax increase to supply money to keep the school in operation.

This time a rate of .61 instead of .71 asked before will be proposed to the voters of the district.

The board of directors lowered the amount on the basis of the belief that some may have thought the increase too drastic when they opposed it in the second election.

The district already has borrowed up to the limit through tax anticipation warrants and is faced with the opening of the old school building and the re-employment of an extra teacher to take care of an increased enrollment.

While board members say that the reduced tax will not be sufficient to meet all needs financially, it will be enough to keep the school in operation until other relief can be obtained.

Civil Service Exam for Postmaster at Salem at \$4,162 Wage Announced

The first examination for postmaster at Salem, Wis., a job paying \$4,162 a year, under new, more exacting eligibility requirements recently, will be open for receipt of applications until July 28, the U. S. Civil Service Commission announced today.

All previously existing postmaster examinations for first, second and third class post offices and lists of eligibles were concealed recently.

Competitors for the postmaster vacancy in that village must show that they can deal with the public agreeably and effectively and that they are reliable citizens who would command the respect and confidence of patrons of the post office. They must also show that their background will enable them to maintain simple records of accounts or that it has given them a knowledge of postal procedures.

Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test and on their experience, ability, and character. There is a one-year residence requirement and applicants must be at least 21 years of age and must not have passed their sixty-third birthday.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be received in the U. S. Civil Service Commission, Washington, D. C., not later than the closing date.

Vacation's Biggest Problem

Theater Owner Told To Eliminate Hazards Within Thirty Days

Thirty-six faults listed as fire hazards were found in a recent inspection of the Lakes theatre owned by William Lemke, Fire Chief Edgar Simonsen said.

Gus Witzke, Chicago, of the state fire marshal's office made the first inspection and on complaint of Lemke that he was not present when inspection was made, Kenneth Brown, in charge of McHenry county inspection, re-inspected the theatre, Simonsen said. He found the same faults which included the use of a copper tubing for a fuse plug.

"It was mainly a matter of poor housekeeping," said Simonsen.

Lemke complied with most of the orders to correct conditions two years ago, but is said to have become lax again.

Lemke's 30 days in which to correct the faults have nearly expired.

C. of C. Told Rte. 21 To Be Resurfaced and Widened in Next Year

Rte. 21 south of Antioch is in the program for widening and resurfacing, Charles Cermak, Jr., president of the Antioch Chamber of Commerce, has been informed by Rep. Jack Bairstow.

Cermak wrote to Bairstow informing him of the rough and dangerous condition of the state road between Antioch and Lake Villa, and the state delegate took the matter up with the state highway department.

R. T. Cash, divisional engineer, said he would have the representative of maintenance in Lake county investigate and do what repair that is necessary this year to keep the present pavement and shoulders in acceptable condition.

While the county highway department is rapidly placing the secondary roads in excellent condition, the state has done very little of nothing in the northern part of the county.

It is expected that resurfacing and widening of Rte. 21 will be started in 1954.

Moose Beat Ringwood, Spring Grove, Tighten Hold on Second Place

The Antioch Moose team won its fifth straight game in defeating Ringwood Friday evening 10 to 9 and strengthened their hold in the Chain O' Lakes league.

George Sterbenz' long home scoring Joe Busta ahead of him tied up the game in the seventh inning and Antioch went ahead in the eighth to win.

Tuesday's game with Spring Grove was a thriller. Antioch came from behind in the seventh with a home run by Preston Reckers with the bases loaded. This was enough to win by a 4 to 3 score.

Antioch will play league leading Wauconda Friday night and Ringwood next Tuesday night, both games to be played at the Antioch Township High School field.

Get Ready for Opening
Earl Gibbs and Carl Jensen are rapidly outfitting their new sporting goods store on Lake st., and expect to have everything ready for the grand opening on July 16, 17, and 18. The store will be one of the most complete of its kind in this area.

Legion Festival Will Open Next Wednesday For Five Days of Fun

Queen to Be Crowned Sat. Night, July 18; Gets Trip to Washington, D. C.

The Antioch Legion Post 748 will hold its summer festival from Wednesday, July 16 through Sunday, July 19.

This is an annual event through which the Legion derives its main source of revenue to carry out its program of veteran rehabilitation, community service, Americanism and other activities including the fight against communism.

The Menchin Carnival Company will supply six of the most popular carnival rides, and numerous other games and concessions.

Rides on the opening night will be at special low prices for children.

One of the highlights of the festival will be the crowning of the carnival queen on Saturday night, July 18. The queen and her mother will be provided a four-day all-expense trip to Washington, D. C.

Arrangements have been made with the American Legion at Washington to provide the queen and her mother visits to historic points of interest.

Voting for the queen will be possible until midnight, Friday, July 17.

Sewage Disposal Plant Efficient In Spite of Willowdale Dairy Load

Antioch's sewage disposal plant is working efficiently, David Miller, engineer, informed the village board in a report of recent tests.

The waters that pour from the plant into the creek that drains into nearby lakes is 99.4 per cent free of bacteria content.

This excellent record is in spite of the fact that the plant is too heavily loaded by refuse from the Willowdale Dairy Co. plant, and Miller recommended that something be done about it.

Miller said the BOD count from Willowdale sewage was 880 and that after it mixed with the low count from the village sewage it was reduced to 383.

"Sewage entering the plant should be 150 BOD count," said Miller, who said that the village should either insist that Willowdale install an aeration plant or that the village install one at the expense of that company.

Miller was expressing by his record that during the winter the beds of the disposal plant would not be as efficient as in the summer and that the good record might not be maintained.

Board members heard that on one occasion Willowdale, after separating the butterfat from 7,000 gallons of milk, dumped the rest in the drain. Milk is the third most difficult material for a sewage disposal plant to "digest" because of its high BOD count.

The sewer and water committee will take the problem to the Willowdale dairy officials for discussion.

Telephone Co. Asks Rate Increase for Wis. Customers of Antioch

The Wisconsin Telephone Co., Milwaukee, on June 29, filed an application with the Public Service Commission of Wisconsin for authority to increase rates to subscribers connected with the Antioch and Harvard, Ill., exchanges.

A hearing on the application will be held at 10 a. m. Wednesday, July 22, at the commission's office in the state office building, 1 West Wilson st., Madison, Wis., after investigating the books of the company.

Extinguish Grass Fire
Antioch firemen were called to the Kasparek subdivision one mile east of the village on Rte. 173 Sunday to extinguish a grass fire. A call was received Saturday to extinguish an automobile fire at Loon lake, but the call was cancelled before the truck left the station.

Will Meet at Smart's
The Lions Club will hold its next meeting at 7 p. m. Monday at Smart's Country House.

We Must Produce More Food

The population of the United States is soaring. At present the increase runs to 7,000 persons a day. Government experts predict a 20 per cent population jump in the 1950-60 period alone.

These people must be fed—and fed, for the most part, on what can be produced on our croplands, which the 1950 census put at 336,349,000 acres.

The experts also say that if our present living standards are to be maintained through 1975, it will be necessary to bring 100,000,000 more fertile acres into production. Yet even optimistic forecasts hold that only 60,000,000 currently unproductive acres can be cleared, drained, irrigated and improved by 1975. We are presently bringing in only 2,000,000 acres a year and more than half of this is offset by the expansion of cities, towns and industrial areas.

The meaning of these forecasts and figures is clear. Unless we are to suffer a decline in living standards, we must get more and more food and fiber from our productive land. And that means the intensified application of scientific production practices and better land utilization.

Fortunately, that is not a visionary goal. Farmers and land owners are practicing conservation farming on an ever-increasing scale and in a manner that would have been impossible a few years ago. The best conservation and land use practices require machinery that was non-existent fifty years ago, but which is now standard farming equipment.

The agricultural future of the United States, and of the world for that matter, lies in maximum use of power-driven implements by farmers and ranchers who realize that the machine—rather than a futile search for new land—provides the solution of feeding our expanding population.

Labor Unions Fight Socialism

At its 6th Constitutional convention, held this spring, the CIO Utilities Workers Union reaffirmed a resolution unanimously adopted at the 1950 convention which reads as follows: "No federal agency should construct or operate, except for national defense or where private industry fails or refuses to provide adequate service, any project the sole purpose of which is the generation of electric energy."

The convention also went on record in favor of a pending Congressional bill which would authorize five heavily-taxed, publicly-regulated and privately-owned power companies to undertake a \$400,000,000 hydro-electric development at Niagara Falls. Socialist-minded groups in and out of the government are attempting to block passage of this bill, and to induce Congress to vote for tax-subsidized government development of the project.

Other unions, both CIO and AFL, have formally passed similar resolutions and expressions of policy. And they haven't done this out of any love for the utility industry or any other commercial enterprise. They have done it because wise union officials and

members know that under socialism, the cause of free and independent labor is doomed just as surely as the cause of free and independent enterprise. If government is to own the machinery of production, it is going to run the men who use the tools. Whatever their other differences, labor and management have an equally vast stake in the fight against socialism.

* * *

The Retail Revolution

It is reported that 56 per cent of all the nation's retail outlets are in communities with populations of less than 20,000. And it's a certainty that modern retailing's contribution to rural and small-town living would be hard to exaggerate.

Many of us can remember the heyday of the old-time "emporium." It enjoyed pretty much of a monopoly in its community. Stocks were severely limited, and often depended on the whims of the proprietor rather than the desires of the consumer. Prices were frequently established on an all-the-traffic-will-bear basis. The consumer could like it or lump it.

Then, along with better roads and vastly improved commercial and private transportation, came the beginning of the new era in merchandising. The chain stores pioneered the then-revolutionary mass-distribution idea, which held that very small unit profits would result in satisfactory total profits if enough goods were sold. Other kinds of stores followed the lead and thought up attractive innovations of their own.

Now, in even very small towns, we can buy the same brands and kinds of merchandise that are sold in New York or Chicago or any other metropolis, and at approximately the same prices. Competition is free and intense—no one has a monopoly of anything. And that has been one of the biggest factors in the creation of our present living standards.

The Low Down from Hickory Grove

I come forward today with a pat on the back for a couple of rugged Americans—both of 'em from that wide and rugged state of Utah, U. S. A. The Governor there, he is allergic to handouts of doles and assists and matching dinero by congress, bureaus and what-have-you. It would be a blot on the escutcheon of his fair domain to admit that they were not smart enough or alert enough there in Utah to take care of their own fireside and needs. He is Governor J. Bracken Lee. He represents a people with pride in their make-up and souls.

And now another from that Land of the Saints—another with the courage to say, no, thanks you, folks—alms, doles, hand-outs, propped prices and all such lazy methods should be heaved into the ash can. This gentleman is Mr. Benson—Ike's man in the agriculture department—he sees the Nation's wheat and corn bins oozing and overflowing with propped crops as much as 4 and 5 years old and on the verge of decay. He sees props under wheat and corn that encourage an even greater production, and no place to store these grains—also he sees bread prices soar.

And us simple taxpayers dig up the dinero to prop the corn and wheat and thus raise our own bread prices. Odd people. Mr. Benson says it is skulduggery. I hand the palm to Utah—the land of horse sense. It delights me to do so.

Yours with the low-down,
Jo SERRA.

MILLBURN

Regular services at Millburn Congregational church Sunday, July 12 with Sunday school at 9:45 and church services at 11 o'clock.

Bible school began Monday morning and will continue for two weeks from 9 to 11. Fifty pupils enrolled the first day. Teachers are the Rev. L. H. Messersmith, Mrs. Kenneth Young, Mrs. Fred Kick, Mrs. Frank Du Young, Mrs. John Thain and Mrs. Chalmers Wooley, with Sharon Weber, Ruth Ann Haisma, and Judy Reigler as assistants.

Mr. and Mrs. William Paulsen and family are spending two weeks at a cottage on Lake Ripley, Wis.

Don Lee Holm, son of the Donald Holms, who is stationed at Ft. Benning, Ga., has recently been promoted to the rank of sergeant.

Mr. and Mrs. George Murie and three children and Delores Davis are spending a week at Rhinelander, Wis.

Mrs. Eva Alling of Waukegan was a caller at the Frank Edwards home Tuesday evening.

Bobbie Clark returned Saturday from two weeks with his sister, Mrs. James Bonner, at Kansasville, Wis.

LAVERNE BRYK
Supervisor

I'm one of the telephone
women recently promoted

WHEN looking for a job, a smart young man or woman will ask about opportunities for advancement.

In just one recent year there were 4,124 promotions in Illinois Bell—1,205 for men and 2,919 for women.

For every 100 men on the payroll, there were 9.5 promotions during the year. For every 100 women—10.9 promotions.

So you can see there's a mighty good chance for advancement for both men and women at Illinois Bell.

And that's not all. Wages are good from the start—with regular increases. There's a liberal pension plan, sickness and disability benefits and vacations with pay. Jobs are stimulating, useful, interesting. Conditions are pleasant, friendly. All these and other advantages are reasons why so many people consider Illinois Bell...

"A good place to work"

SOCIETY EVENTS

Stillsons Celebrate 25th Wedding Anniversary With Open House Sun.

Mr. and Mrs. Melvin M. Stillson of 1049 Spafford st. celebrated their twenty-fifth wedding anniversary Sunday, July 5th, by holding open house in the afternoon and evening.

Enjoying the day with them were their daughter, Dee and son, Milfred, his wife Dolores and son, Bobby of DeKalb.

About 200 friends called to offer their congratulations. Out of town guests were from DeKalb, Quincy, Barrington, Libertyville, Sylvan Lake, Diamond Lake and Hebron. Telephone calls were received from relatives from Sioux Falls, So. Dak., and Minneapolis, Minn. A delicious supper was served in the recreation room from a beautifully decorated table, in the center of which was a five layer tiered anniversary cake, a gift from Dee.

Many beautiful gifts were received, among them two unique "silver" money trees and a floral 25 silver dollar arrangement. Throughout the afternoon and evening W. E. Christensen, a photographer formerly of Denmark took pictures of the guests.

Baby Alumni Assoc. Of Victory Hospital Plans Party, July 19

The first of the Baby Alumni association's annual summer parties of the Victory Memorial Hospital Auxiliary will be held on Sunday, July 19, from 2 to 4 p. m.

Mothers of all children in the carriage or strolled stage are requested to decorate "cary-alls" for participation in a "baby parade." Prizes will be awarded for the most unique decorations. Alumni members of the hospital will serve as the judges.

Added entertainment for the younger set will include pony rides, and a clown and magician will be available for older children. Throughout the afternoon the Waukegan Municipal band will perform for the adults and patients of the hospital. Refreshments will be served to all those in attendance. The committee in charge of the event also announces that a "carnival party" will be held on the hospital grounds, Sheridan Road side.

Special guests to be honored will be prominent citizens who were among the first babies to be born at the Jane McAlister and Victory Memorial hospitals.

An enrollment booth will be situated on the grounds for the purpose of renewing memberships or enrolling additional family members. Anyone wishing to enroll before the scheduled party may do so by contacting Mrs. Bradford E. West at DE 6-2396.

Proceeds of this party and the funds of the Baby Alumni association are utilized for the purchase of nursery and delivery room equipment, as specified by the doctors.

Women of Moose Will Initiate on July 16

A candidate voted into membership by the Antioch Women of the Moose at their July 2 meeting, will be initiated at the meeting, July 16.

Officers, committee chairmen and escorts will meet at the hall Tuesday evening, July 14. The escorts for the year have been appointed as follows: Gertrude Good, Arlene Horton, Erna Toft, Frances Leson, Sue Fox, Ann Fox, Judy Sobey, and Cecelia Christianson.

PARY HONORS PFC. KLIER A LOON LAKE RESIDENCE

Twenty-five girls and boys of the Antioch community gathered at the home of Mrs. Mildred J. Klier at Loon Lake Saturday evening, July 4, at a surprise party for her son, Pfc. Don Klier, who was home on furlough.

The party was arranged entirely by the young people most of whom were schoolmates of the young marine while he was a student at Antioch Township High school. The evening was spent in dancing and refreshments were served.

Honored among the guests were Buzie Carpenter and Fritz Bauman, who a few hours earlier saved seven persons from drowning in Loon lake.

Pfc. Klier, who has been stationed at Pendleton, Ore., left on Sunday for San Diego, Calif., where as one of two selectees he will attend sea school.

Legion Jr. Baseball Team to Play Monday

The Junior Legion baseball team has scheduled two games to be played during the next week. The first will be played Monday, July 13 at the high school diamond, when Mundelein Jr. Legionnaires will furnish the competition. A second game will be played Friday, July 17.

July Bride

Mr. and Mrs. A. E. Kumpfer of Antioch announce the July 3 marriage of their daughter, Marilyn Florence, to Norman DeLoof, son of Mr. and Mrs. Maurice DeLoof of Gurnee, in the Trinity Lutheran church. The newlyweds departed for California following a family dinner in the DeLoof residence.

Near Capacity Crowd Sees Roland Polsgrove Receive Masonic Degree

Near capacity crowd witnessed the Master Mason degree of Roland Wayne Polsgrove on Wednesday night, July 1, at Sequoia Lodge No. 827. Oather Polsgrove, father of Antioch's newest Mason and Fred B. Polsgrove, uncle, both residing in Chicago took charge of the high initiation.

Five visiting lodges were represented. Most of the guests who took part in the work were masters and past masters which included two past district deputy members.

Wayne Polsgrove is employed in the meat department of the local A & P company. He was the first local Mason to be given a new Masonic Bible. This is to be a new practice of Sequoia lodge with regard to new Master Masons. The crowd witnessed a new film shown with the latest type of film projector which recently was donated by members of the Antioch lodge. Edward Schippmann and his committee served refreshments after the meeting.

Remodeling in the basement will continue during the summer months. Warren Bushnell is in charge of rewiring the basement. Following this, the carpentry work will be under the supervision of Robert Pincombe, the present deacon.

The lodge will meet on the first Tuesday in August as the only summer meeting. It will be back on regular schedule beginning in September with meetings on every first and third Tuesday of each month as the stated meetings, John Blackman, worshipful master, announced.

M. Y. F. TO HAVE SWIM PARTY AT DITTMAN HOME

The High School Methodist Youth Fellowship will meet at 4 p. m. Sunday at the church for a swimming party to be held at the home of Mr. and Mrs. A. L. Dittman at Loon lake. Members have been requested each to bring a sack lunch, a towel, and their bathing suit. This will be the second of three meetings held once a month during the summer. Anyone who is in high school or will be this fall is invited to attend.

Mr. and Mrs. H. E. Shepard and son, Hanaford, and Miss Judi Gaston of Lake Lotawana, Mo., are spending the holidays with Mrs. Shepard's mother, Mrs. H. B. Gaston and family. Other guests at the Gaston home for the week end were Mrs. Dorothy Wallace and daughter, Martha of Carmi, Ill., and Mrs. Elizabeth Behler of Woodstock.

Announces Engagement

MISS VERA KUFALK

Mr. and Mrs. R. I. Kufalk announce the engagement of their daughter, Verna, to Don L. Holm, son of Mr. and Mrs. Donald Holm of Lake Villa. An October wedding has been planned.

Miss Kufalk is a graduate nurse, her graduation having taken place June 6 at the Illinois Masonic hospital.

Celebrate Anniversary

John Barbee to Teach Philosophy at N. B. S.; Back from Convention

The Rev. John Barbee returned to Lakeland Baptist church this week after addressing the Swedish Baptist annual convention in Sioux Falls, S. D. In the pastor's absence Dr. J. R. Mantey, professor of Greek in Northern Baptist Seminary, occupied the Lakeland pulpit.

It was announced this week that Mr. Barbee has been appointed to teach philosophy at the Northern Seminary. The minister holds the Master's degree in philosophy from Duke university. He is now working toward his Doctor's degree

SHORT STORY

Spring Miracle

By Elizabeth Hall

THE silence grew and swelled, filling the room. May could feel it pressing against her.

They sat there. Allen, Pa, Aunt Ellie and May sat there in the parlor while the silence spread all around them, even into the corners of the room.

Allen's face was taut, the lines around his mouth rigid. He didn't look at all like he did when she met him on Elworth's Path. The whole idea of his coming to the house like anybody else to see her was a stupid one. It had seemed clever when Allen had suggested it out of longing to spend more time

with her.

"Going to the church supper Friday evening?" Pa asked. He was the one to feel the oppressiveness of the silence the least, but he was the one to break it.

Allen swallowed before he could find his voice to answer.

"I guess so. Ain't nothing else to do." He had said the wrong thing.

"It's going to be a good supper." Pa's voice was reproving.

Pa acted as deacon of the church and he firmly believed that retribution would be visited on the heads of the foolish people who did not attend.

"Sure," Allen made his voice too hearty wanting to change the impression he had made.

May wanted to cry. She couldn't tell what her father was thinking.

"Oh, yes," May said. "Everything is going to be simply wonderful."

In all her seventeen years she had never been close to her father, had never been able to see behind the austere face that seldom wore any expression, but one of grave thought.

Aunt Ellie was even more severe than her brother. May couldn't remember a single gesture of affection from her aunt. Aunt Ellie had done for her father and her ever since May's mother died. May was five then.

Pa looked at the old clock on the mantle. Then slowly, gravely he took his watch out of his pocket and looked at it. Allen looked uncomfortable and massaged the knuckles of his left hand with his right. He rose awkwardly to his feet.

"It's been a nice evening," he said, looking at Pa and Aunt Ellie and last at May. "I've enjoyed it."

May knew he hadn't enjoyed it. She knew that he had felt the stiffness and dullness of that room just as she had. But she also knew that he was thinking of the meetings all during April and May on Elworth's Path. The shy holding of hands, the few, so very few, kisses that had been nothing more than brief touchings.

The four of them walked into the small square hall. Aunt Ellie went up the stairs.

Pa shook hands with Allen with the same closed, serious face.

"Good night," he said and looked at May. His mouth seemed softer, almost as if it would smile. "Be upstairs in five minutes."

May could hardly believe she had heard the words. She knew her eyes were big as saucers, and she hoped her father could see how she thanked him for those few minutes.

With his foot on the bottom step Pa turned back. As if he wanted to read their thoughts, he looked searching first at Allen and then at May.

"No more meetings on Elworth's Path. Don't look right." Pa's voice sounded more gentle than May had ever heard it.

"Oh, Allen," Pa said, "Come by six o'clock and you can ride to the church supper with us."

May caught her breath. Pa was really wonderful. With no warning he was giving them just exactly what they wanted. Breathlessly May raised herself to tiptoe and placed a shy kiss on her father's cheek. She thought that she could see an embarrassed twinkle in his cold blue eyes as he patted her shoulder and turned back up the steps.

Without even waiting for Pa to reach the top of the stairway Allen's hard young hands found May's in a tight clasp.

"May," he whispered softly. "Everything's going to be alright."

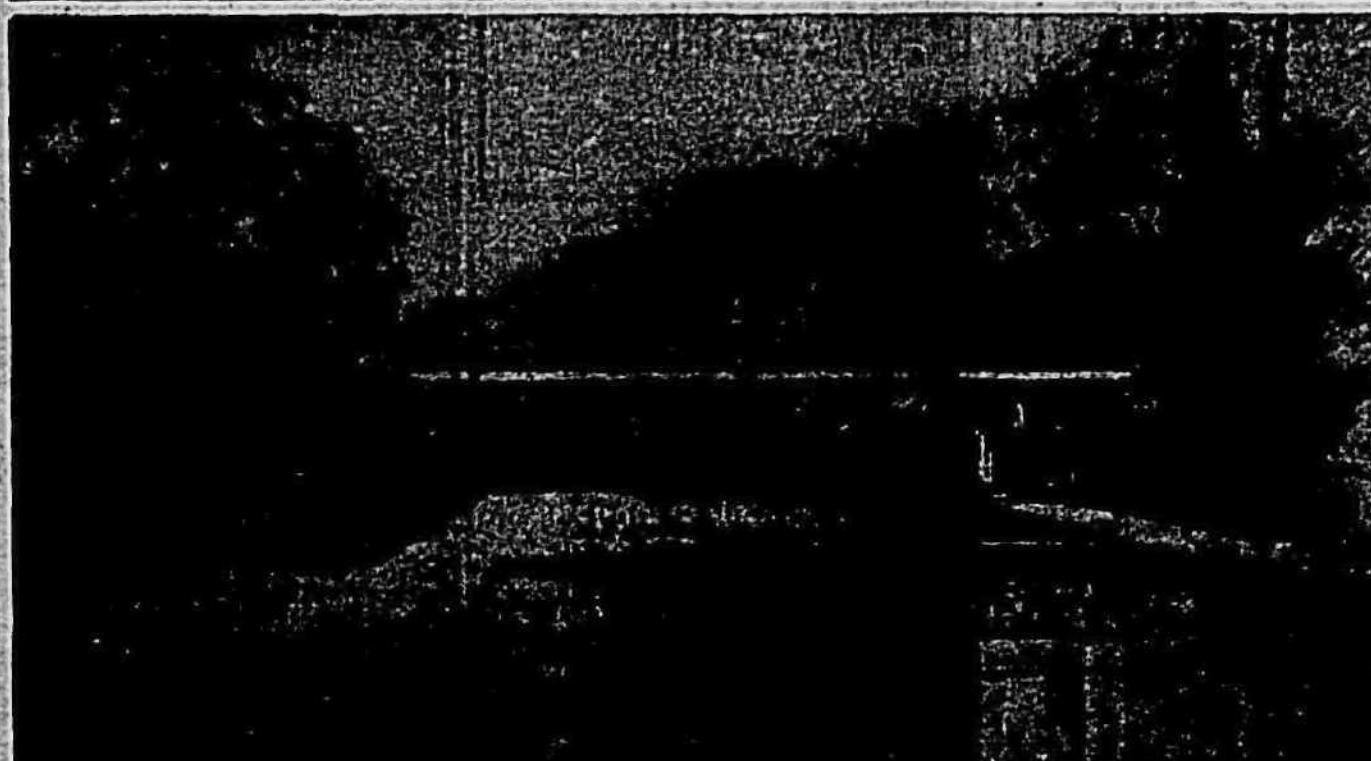

"Yes. Oh, yes!" May said. "Everything is going to be simply wonderful."

Carnival Queen Contest Nears End

Above are Antioch American Legion Carnival Queen contestants. Front row, left to right—Shirlee Ross, Nancy Swenson, Wendy McGehee, Mary Lou Osmond, Loraine Stine. Standing are Joan Cervenka, Pat Haydon, Sylvia Beslow, and Rosalie Morris. Arvis Ring, Joanne Quilly and Phyllis Ben, also contestants, were unable to be present for the picture.

Plan Modern Building for Wilmot Bank

Above is reproduction of architect's sketch of the proposed Wilmot Bank. Site of the bank will be on Wilmot's Main street.

Legislative Report

By Rep. Harvey Pearson (Republican, Eighth District)

The 68th Illinois General Assembly session has gone into history after writing much worthwhile legislation.

Because of the fine leadership of Gov. William G. Stratton and the energy of House Speaker Warren Wood, it was a hard-working session which could clear up its business in order to adjourn before the statutory June 30 deadline.

On behalf of the younger members of the House, it was my pleasure also to command Rep. Reed F. Cutler, of Lewistown, who, though he had no official position of leadership, still contributed much to the thoughtful conduct of the legislature, and especially of its first and second term members. I took the opportunity on the closing day to give him that much deserved tribute.

Out of this session have come two new Constitutional changes for voters to decide on in the next general election.

One, an administration must, is the much needed re-mapping of the state's Legislative districts. This has not been done since 1903, despite the many population changes.

The other would allow sale of the old Illinois-Michigan canal for use as a super-highway.

He had hoped to offer the voters a chance to revise our outmoded judicial article, especially after an amendment was worked out on the controversial selection of judges. I helped to sponsor that compromise, but it failed to win over enough members to give the proposal a two-thirds House majority.

On other fronts, we made progress toward regulation of the trucking industry by putting it under the Illinois Commerce commission. This should provide the legislature with the rate data needed to write future fee provisions. We also voted a study of the trucking industry to be made by a legislative commission.

Fireworks safety laws were re-written, too, and it is to be hoped that Gov. Stratton will sign one which gives a maximum of protection to our children from Fourth of July accidents.

Of special interest in Lake county are bills proved for separate referendum on taxes proposed for administration of the jury commission act, the permanent registration law and for paying special deputy sheriffs. Previously these items had to be lumped together and presented no clear issue. Minimum pay for firemen and

policemen was also raised and the several city revenue measures passed should provide adequate funds.

In all, I think the people of Illinois will benefit from the accomplishments of the Assembly session.

Arlington Farms Eye Healy Farms for Next Victory in Polo Match

The Arlington Farms-CYO Polo team returns to International Polo league action against the rugged Healy Farms quartet at Arlington Farms, Buckley rd., at Rte. 21, Sunday at 2:30 p.m.

Arlington will be shooting for its sixth straight victory and its fifth league win against one defeat in Sunday's tilt.

Displaying its best offense of the season, the Libertyville quartet rolled over a strong All-Star team in an exhibition game Sunday, 11 to 4.

Chuck Bernard, Del Carroll, and Billy Ylvisaker each scored three goals and Jack Ryan tallied twice as the Green and White warriors trampled the opposition.

The club now holds victories over the Milwaukee Shamrocks, Blind Brook, of New York, and Oak Brook Polo club, with the lone defeat coming at the hands of the Milwaukee Polo club in the opening game of the season May 30.

A real rough house is expected Sunday since Tom and Mike Healy, co-captains of the visitors, are two of the most aggressive and belligerent players in the game and never fail to stir up plenty of fireworks.

WRESTLING

Wrestling dynamite is assured on Friday night's Round Lake Park show when Patrick O'Connor and Bobby Orton tangle in the headline match, slated for 60 minutes or two out of three falls, at Lake County Stadium.

Millions of TV viewers have thrilled to O'Connor's kangaroo kicks, and his fierce airplane spins, since he came to this country, three years ago. He's from New Zealand, where his family owns 7000 acres of sheep ranch, one of the largest in that part of the world. He was a rugby and rowing star down under, and held the British Empire heavyweight mat title. He's a likeable Irishman with a swift way about him. So popular has Patrick grown in the affection of Americans that 2 years ago he helped draw 20,000 fans to Wrigley Field for a bout.

Using Cheese

No matter how dry cheese may be, it is still usable unless moldy. When you have left-over cheese, try making a "rouffle", baking some cheese biscuits, using it in au gratin dishes, melting on toast for cheese dreams, making a cheese sauce and sprinkling over ordinary dishes to add flavor.

LEGAL NOTICE

May 1, 1953 was the final day for Village of Antioch residents to purchase their vehicle tags for 1953-1954. By order of the village board, any resident who fails to obtain his license before July 15, 1953, shall be subject to arrest without any further notice.

Village Marshal.

Deep, foam-rubber cushioning
in both the seats and the seat
backs lends added luxury to
ROADMASTER comfort.

Ever try the
lap of Luxury?

We'd like to spoil you a bit.
We'd like to seat you in a 1953 Buick ROADMASTER and let you be coddled in the most sumptuous comfort on four wheels.

What we have in mind is more than just a sampling of the spacious roominess here—and of the cushions that cradle you in opulent and enveloping softness.

It's the magnificent luxury of ROADMASTER travel that we'd like you to know...

The soul-satisfying feel of bossing almost limitless power from the world's newest and most advanced V8 engine...

The casual ease with which you command sparkling getaway from Twin-Turbine Dynaflow—and the sheer comfort of its new quiet and infinite smoothness...

The matchless gentleness and levelness of ride from all-coil springing, torque-tube steadiness, liquid-smooth power delivery—making you barely aware of motion, of road irregularities, of stopping and starting...

And the consummate ease-of-handling you enjoy from the most maneuverable ROADMASTER in Buick history. A car with the hydraulic help of POWERSTEERING. A car with the velvety control of

still finer braking—plus the added convenience of Power Brakes,* if you wish.

Surely, you ought to look into this supremely satisfying ROADMASTER for 1953—and see for yourself that the lap of luxury is more than a figure of speech when you take your seat here. Why not visit us soon?

*Optional at extra cost.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Parking spaces seem to be getting scarcer all the time, but regardless of how crowded conditions may be, don't park your car near the entrance of a fire station. It is against the law (Section 90 (a), 10 Uniform Act Regulating Traffic), and it could be the cause of a bad crash.

The law prohibits parking within 20 feet of the entrance of a fire station on the same side of the street as the station, and also prohibits parking on the opposite side of the street within 75 feet of the entrance when that area is properly sign posted.

Fire department equipment needs that room to get to the scene of a fire as quickly as possible. Fire trucks are big and need extra room to turn into the street. If it were your house that was on fire, you wouldn't want to wait while a fire truck backed up and went forward two or three times before being able to get into the way.

And you surely wouldn't want some illegally parked car to cause an accident which might prevent the fire fighting equipment from reaching your home at all.

Leave those areas clear. It is for your own protection.

Flying Hours

Army aircraft flew a total of 64,541 combat missions and 78,251 administrative missions during the first 18 months of the Korean conflict to "log" a total of 186,372 flying hours. During that time, only ten planes were lost due to enemy action, nine pilots and three observers losing their lives and ten other pilots and eight additional observers suffering battle wounds. Total casualties not due to enemy action were two men.

OUR DEMOCRACY — by Mat

FREEDOM STILL RINGS

AMERICANS HAVE HEARD THE LIBERTY BELL ECHO THEIR FEELINGS MANY TIMES. IT HAS TOLLED MOURNFULLY FOR VARIOUS STATE DEATHS AND WARS — PEALED JOYFULLY FOR JUBILEES AND HOLIDAYS AND PEACE.

ON JULY 4, 1776 — THE DAY WE CELEBRATE OUR NATION'S BEGINNING, THE DAY WHEN THE CONTINENTAL CONGRESS ADOPTED IN CLOSED SESSION THE DECLARATION OF INDEPENDENCE, WITH A FIRM RELIANCE ON THE PROTECTION OF DIVINE PROVIDENCE — THE LIBERTY BELL HUNG SILENT.

NOT UNTIL JULY 8 WAS IT RUNG — TO CALL PHILADELPHIANS TO A PUBLIC READING OF THE DECLARATION, AND THEN TO JOIN ITS GREAT VOICE WITH THEIRS, IN REJOICING. YET, FOR AMERICANS TODAY, THE DURABLE OLD BELL NEVER RANG AS LOUD AS ON THE DAY IT DIDN'T RING AT ALL.

PUBLIC NOTICE
Notice of Proposed Change in
Electric and Gas Schedules
Commonwealth Edison Company (Public Service Co. Division) hereby gives notice to the public that it has filed with the Illinois Commerce Commission on June 25, 1953, proposed changes in electric and gas schedules which would effect a general rate increase.

Such changes in electric schedules include the application of a fuel adjustment to practically every rate; increase in the first two blocks and the establishment of a minimum net average charge in residential rates; increases in rates for governmental and industrial customers; and revisions and adjustments in general and other rates and riders.

Such changes in the Company's gas schedule include an increase in the minimum charge of the residential rate for gas used primarily for cooking; increases in rates for residential water heating and space heating; increases in rates for general use and for commercial space heating; increases or revisions in other rates; a rider providing for adjustments in rates by reason of future changes in the cost of purchased gas; and provision of a billing procedure which will reflect variations in the thermal content of gas supplied.

Further information with respect thereto may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed change in the schedules may be inspected by any interested party at any business office of this company.

Put your Ford in "Trip-top" shape

• A vacation trip is one time when you want your Ford in the pink.

Travel-wise owners make sure by having their Fords "Travelized." And not at the last minute, either!

A week or so before their trip, they get the all-round check-up which their Ford Dealer is so well equipped to perform.

Then they know they're driving away in a car which has been given a

real "travel-check" by Ford mechanics who have at their disposal the advantages of factory-approved methods and Genuine Ford Parts.

Try this "Travelizing" idea on your own Ford. Let your Ford Dealer go over it point by point with special attention to the eight under-hood items displayed below. You'll say the peace of mind alone was worth the little time and money it cost you.

You're in good hands at your Ford Dealer's

Antioch High School Boys Help Rescue Seven Persons from Drowning at Loon Lake

Seven persons including an 11-month-old baby were saved from drowning at 2:30 p. m. Saturday, July 4 at the southwest area of Loon lake through the speedy work of four local residents.

The rescue was witnessed by many persons on shore.

The seven Chicagoans saved were James Corsello and family, Jo Ann, 10; Kay, 3; Peter, 18; Anna May, 15; and Kathy, 11 months, and Miss Alice Kudron, 20.

They were in a row boat which because of the overloading dipped water from the waves and soon went down.

Harry Petzold, Loon Lake summer resident, was pulling his daughter Betty Lou on a surf board with a motor boat at the

time, and saw the plight of the Corsellos. In the boat with him were Buz Carpenter and Fritz Bauman, Antioch High School students, and the four immediately went to the aid of the people struggling in the water. One of them was said to be partly paralyzed.

The four helped all of the seven into the motor boat and other boats came to the scene.

The baby was the last one saved. Carpenter, unaware the child was in the water, happened to strike it with his foot and then realizing the situation, dived 12 feet to grab it and bring it to the surface. First aid methods revived the baby.

The Corsellos, at the lake for their holiday outing, were able to return to Chicago that evening.

Large Crowd Witnesses Moose Women Install

There was a large attendance at the special open meeting of Antioch chapter 735, Women of the Moose, June 23, at which the following officers were installed:

Blanche Horton, senior regent; Dorothy Kennedy, junior regent; Florence Dexter, chaplain; Una Fox, recorder; Jane Meyer, treasurer; May Palmer, junior graduate recent; Vida Shunnesson, pianist; Betty Horton, guide; Dorothy Gorlitz, assistant guide; Ruth Hallwas, argus; Annette Steiber, sentinel. Installing officers were Katherine

Rienke, Waukegan, regent; Hazel Kenneth, Waukegan, pianist; Marion Drinkwine, pianist, Waukegan; Ruth Hallwas, Antioch, chairman; Gertrude Good, Antioch, installing guide. The ten escorts were from the Waukegan chapter.

The senior regent appointed the following chairmen:

Pearl Anderson, January, Child care; Georgia Nelson, February, ritual; Evelyn Burnette, March, social service; Harriet Grewel, April, home making; Darlene Roblin, May, hospital guild; Sara Jung, June, membership; the officers will supply July Lucy Himens, August, Mooseheart alumna; Maud L. John. Installing officers were Katherine

Color-Grained Sidewalls

will give your home that exciting DECORATOR-STYLED LOOK!

Here is a truly economical way of brightening your home with expensive-looking, decorator-designed beauty. Color-Grained Siding, with its warm, two-toned color and artistic wood-graining, duplicates the rich charm of genuine shake texture... builds an effect of dynamic custom-styling right over your old siding. This revolutionary asbestos siding has a really natural look... saves you money in the long run because its fireproof, weatherproof, maintenance-free beauty cuts upkeep costs to the bone. Why don't you stop in today and see which of the four colors available best suits the color scheme of your home?

Custom-Styled Home Beauty... ON YOUR BUDGET by RUBEROID

son, September, publicity; Marion Angelot, October, Mooseheart; Helen Wetherbee, November, library Rose Kennedy, December, Moosehaven.

Junior graduate regent May Palmer presented senior graduate regent Ruth Hallwas a graduate regent pin; Blanche Horton presented Mrs. Palmer a Moose signet ring; and Maud Johnson publicity chairman presented her a press book. Penny Anderson sang several songs and refreshments were served.

Kadlec Joins "No-Hit" Immortals in L. League: Sox, Cubs, Dodgers Win

Edward Kadlec, Jr., joined the rapidly growing list of "no hit" pitchers of the Little League Wednesday, July 1, when he sparked the Dodgers to an 18 to 0 victory over the luckless Yankees, blanking them as to hits.

Only 19 batters faced him and he struck out 13 of the Yankee players.

Home runs were made by P. Kadlec, Hattendorf, W. Lass, and J. Reiff.

The senior regent appointed the following chairmen:

Pearl Anderson, January, Child care; Georgia Nelson, February, ritual; Evelyn Burnette, March, social service; Harriet Grewel, April, home making; Darlene Roblin, May, hospital guild; Sara Jung, June, membership; the officers will supply July Lucy Himens, August, Mooseheart alumna; Maud L. John.

Thompson; Dodgers—E. Kadlec, Hattendorf, and Behrens.

Cubs Outlast Tigers

In spite of the fact that the Cubs got few hits, too many bases on balls in the second inning gave them the victory over the Tigers 5 to 3. Four walks and a batter hit by a pitched ball pushed two of the three runs across the plate.

R. H. E. Cubs 0 3 0 1 0 1—5 2 6 Tigers 2 0 0 0 0 1—3 0 0

Batteries: Pyle and Jonas for the Cubs; Reed, Hollatz, and Wertz for the Tigers. Hollatz got three hits in three times at bat.

Sox 9, Yankees 1

The Sox made their hits count and taking advantage of Yankee errors won in the second game Sunday, 9 to 1. K. Alshouse got two hits in two times at bat.

R. H. E. Sox 3 1 1 3 0 1—9 5 1 Yankees 1 0 0 0 0 0—1 4 6

Batteries: Dahlman and R. Gudegeon for Sox; Hunsaker, 3, and Thompson, 3, exchanged for Yankees.

Leading batters are:
